PROFILE

Dynamic and detail-oriented Full Stack Developer with a strong background in designing and developing scalable applications. Proficient in JavaScript, Node.js, and cloud services, with a proven track record of optimizing backend systems and collaborating in Agile environments. Strong problem-solving skills and a solid understanding of UI/UX principles contribute to delivering high-quality software solutions that meet user needs. Committed to continuous learning with a focus on DevOps methodologies to further enhance software delivery processes.

WORK EXPERIENCE

Software Developer

BhojSoft Solutions   August 2024 – Present

- Contributed to the backend development of Ximboa, an educational platform enhancing trainer-student engagement.
- Developed scalable REST APIs and improved backend performance utilizing Node.js, MongoDB, and PostgreSQL.
- Deployed applications on AWS EC2, Lambda, and S3, driving cost-efficient cloud solutions.
- Led a team of developers, fostering Agile methodologies, conducting code reviews, and ensuring high code quality.

PROJECTS

Ximboa Platform
BhojSoft Solutions   August 2024 – Present

- Contributed to the backend development of Ximboa, an educational platform enhancing trainer-student engagement.
- Developed scalable REST APIs and improved backend performance utilizing Node.js, MongoDB, and PostgreSQL.
- Deployed applications on AWS EC2, Lambda, and S3, driving cost-efficient cloud solutions.
- Led a team of developers, fostering Agile methodologies, conducting code reviews, and ensuring high code quality.

Edukite.io Website
BhojSoft Solutions   August 2024 – Present

- Technologies: HTML, Tailwind CSS, JavaScript
- Developed a responsive educational website to showcase courses and events, ensuring a mobile-friendly and consistent design with Tailwind CSS.

Quiz-Taking App
BhojSoft Solutions   August 2024 – Present

- Technologies: Node.js, Express.js, MongoDB
- Designed and implemented a robust backend for a quiz application, featuring user authentication and role-based access control.
